412.5 - Positive Time Reporting

Many programs administered by Midvale School District #433 are funded through federal sources and are obligated to meet federal guidelines in order to qualify. If federal funds are used for an employee's salary, the employee is required to record time spent working on a federal program on their timesheet as hours worked through means of "positive time reporting". "Positive time reporting" is recording the actual time spent working on a set of activities which are applicable and allowable under the terms and conditions of the funding source.

The Midvale School District #433 will use the "Time and Effort" report as the means of reporting and recording employee time spent on each fund: i.e. General Fund, Title I-A Fund, Title VI-B Fund, etc. The "Time and Effort" reports will be defined in a daily schedule, day schedule, or period schedule depending upon the employee's work schedule.

Any vacation, sick leave, compensatory time taken, holiday pay, or other non-worked pay will be distributed according to the default index(es) assigned to the employee's position.

A semi-annual review and reconciliation will be performed by the business manager and federal programs coordinator to ensure time is being charged appropriately.

Employee Responsibility

Employees are responsible to correctly charge actual time worked to the appropriate funding source(s) associated with any federal program. Employees will work with their supervisor and/or district accounting staff to determine correct index(es) to use on their "Time and Effort" report.

Supervisor Responsibility

Supervisors are required to verify hours were actually spent working directly on the federal or other programs, and correct index(es) were used in coding the "Time and Effort" report.

Program Coordinator/Director Responsibility

The Program Coordinator or Director will discuss program needs with their supervisor. Coordinators/Directors will closely monitor activities, expenses and revenue of their program and report any deficiencies to the superintendent and business manager. It is the responsibility of the Program Coordinator/Director or designee to inform the business office when a funding source has been exhausted, and if a new index code needs to be established due to rollover into new fiscal year funds or the award of an entirely new federal grant.

413.1 - Evaluation of Certificated Personnel

The District has a firm commitment to performance evaluation of District personnel, whatever their category and level, through the medium of a formalized system. The primary purpose of such evaluation is to assist personnel in professional development, in achieving District goals, and to assist with decisions regarding personnel actions. This policy applies to certificated personnel, both instructional and pupil service staff. The Superintendent is directed to differentiate between certificated non-instructional and certificated pupil instructional personnel in a way that aligns with the Charlotte Danielson Framework for Teaching Second Edition and applicable pupil services staff's national standards to the extent possible.

The evaluation of certificated personnel shall annually include a minimum of two (2) documented observations, one (1) of which shall be completed prior to January 1. It shall also include multiple measures that are research based and aligned to the *Charlotte Danielson Framework for Teaching Second Edition*. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation will be acceptable.

Objectives:

The formal performance evaluation system is designed to:

1. Assure considered opinion of an employee's performance and focus maximum attention on the achievement of assigned duties;
2. Serve as a systematic guide for supervisors in planning each employee's further training;
3. Assure considered opinion of an employee's performance and focus maximum attention on achievement of assigned duties.
4. Assist in determining and recording special talents, skills, and capabilities that might otherwise not be noticed or recognized;
5. Assist in planning personnel moves and placements that will best utilize each employee's capabilities;
6. Provide an opportunity for each employee to discuss job problems and interests with

- his or her supervisor; and
7. Assemble substantiating data for use as a guide, although not necessarily the sole governing factor, for such purposes as wage adjustments promotions, disciplinary action, and termination.

Responsibility:

The Superintendent or principal(s) shall have the overall responsibility for the administration and monitoring of the Performance Evaluation Program and will ensure the fairness and efficiency of its execution. The Superintendent or principal(s) shall:

1. Demonstrate proof of proficiency in conducting observations and evaluating effective teacher performance by passing a proficiency assessment or course approved by the State Department of Education, prior to September 1, 2018.
2. Develop and implement a plan for including all stakeholders including, but not limited to teachers, board members, administrators, and parents in the development and ongoing review for certified staff evaluation plans, procedure and policy.

Evaluation Measures:

Observations: Periodic classroom observations will be included in the evaluation process with a minimum of two (2) formal documented observations annually for certificated personnel, one (1) of which shall be completed prior to January 1st.

Student Achievement: Instructional staff evaluation ratings must, in part, be based on measurable student achievement as defined in Section 33-1001, Idaho Code, applicable to subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators as applicable to the position. This portion of the evaluation may be calculated using current and/or the immediate past year's data and may use one or both years' of data.

Charlotte Danielson Framework: The evaluation will be aligned with minimum State standards and based upon the *Charlotte Danielson Framework for Teaching Second Edition*. It will include, at a minimum, the following general criteria upon which the Professional Practice portion will be based:

The Board has chosen to use established assessments according to the teacher's assignments as the additional measures of growth in student achievement. That assessment will be mutually determined by the teacher and the superintendent. This portion of the evaluation may be calculated using current and/or past year's data and may use one (1) or multiple years of data.

The total of the Professional Practice and Student Achievement two parts will determine the teacher's rating. The individualized rating system will have four (4) rankings:

1. Unsatisfactory = 1
2. Basic = 2
3. Proficient = 3
4. Distinguished = 4

Written Evaluation

A written evaluation will be completed for each certificated employee. A copy will be given to the employee and the original filed in the employee's personnel file. The evaluation document

will be reviewed annually and revised as necessary to indicate any significant changes in duties or responsibilities. The evaluation is designed to increase planning and relate performance to assigned responsibilities through joint understanding between the evaluator and the employee as to the job description and major performance objectives.

The written evaluation will identify the sources of data used in conducting the evaluation. Aggregate data shall be considered as part of the District and individual school needs assessment in determining professional development offerings.

The summative rating of each certificated teacher will be forwarded to the SDE annually by the designated date.

Meeting with the Employee

Counseling sessions: Counseling sessions between supervisors and employees may be scheduled periodically. During these sessions an open dialogue should occur which allows the exchange of performance oriented information. The employee should be informed of how he/she has performed to date. If the employee is not meeting performance expectations, the employee should be informed of the steps necessary to improve performance to the desired level. Counseling sessions should include, but not limited to, the following: job responsibilities, performance of duties, and attendance. A memorandum for record will be prepared following each counseling session and maintained by the supervisor.

Communication of Results: Each evaluation shall include a meeting with the employee to communicate evaluation results. At the scheduled meeting with the employee, the supervisor will:

- 1, Discuss the evaluation with the employee, emphasizing strong and weak points in job performance. Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
2. Allow the employee to make any written comments he/she desires. Inform the employee that he/she may turn in a written rebuttal/appeal of any portion of the evaluation within seven (7) days and outline the process for rebuttal/appeal. Have the employee sign the evaluation indicating that he/she has been given a copy and initial after supervisor's comments.

No earlier than seven (7) days following the meeting, if the supervisor has not received any written response, the supervisor will forward the original evaluation to the superintendent or designee for review. The supervisor will also retain a copy of the completed form.

Rebuttals/Appeal

Within seven (7) days from the date of the evaluation meeting with their supervisor the employee may file a written rebuttal/appeal of any portion of the evaluation. The written rebuttal/appeal shall state the specific content of the evaluation with which the employee disagrees, a statement of the reasons for disagreement, and the amendment to the evaluation requested.

If a written rebuttal/appeal is received by the supervisor within seven (7) days, the supervisor may conduct additional meetings or investigate activities necessary to address the rebuttal/appeal. Subsequent to these activities, and within a period of ten(10) working days, the supervisor may provide the employee with a written response either amending the evaluation as requested by the employee or stating the reasons why the supervisor will be not amending the evaluation as requested.

If the supervisor chooses to amend the evaluation as requested by the employee, then the amended copy of the evaluation will be provided to, and signed by, the employee. The original amended evaluation will then be forwarded to the superintendent or the designee for review. The supervisor will also retain a copy of the completed form.

If the supervisor chooses not to amend the evaluation as requested by the employee, then the evaluation along with the written rebuttal/appeal, and the supervisor's response if any, will be forward to the superintendent or designee, for review. The supervisor will also retain a copy of the completed evaluation including any rebuttal/appeal and responses.

Personnel Actions

Each evaluation will include identification of the actions, if any, available to the District as a result of the evaluation as well as the procedure for implementing each action. Available actions include, but are not limited to, recommendations for:

1. Renewal of employment contract;
2. A letter of reprimand;
3. A period of probation and Improvement plan
4. Reassignment;
5. Immediate discharge;
6. Renewal of the employment contract under a continued probationary status; and/or
7. Non-renewal of employment contract.

A letter of reprimand may be issued at any time, with or without a formal evaluation, if an employee is found to be in violation of applicable legal, ethical, or professional standards. Any recommendation to place an employee on a period of probation, discharge the employee immediately, discharge the employee upon termination of the current contract, or reemploy the employee at the end of the contract term under a continued probationary status contract must be approved by the board of trustees and comply with requirements and procedures established by State law.

Probation

When any Category 3 employee's work is found to be unsatisfactory, a defined period of probation of not less than eight (8) weeks will be established by the board.

For renewable contract employees, the board will establish a reasonable period of probation before determining that it will not renew a contract due to a report of unsatisfactory performance. The period of probation will not affect the employee's renewable contract status.

Notwithstanding the open meeting law, the board will make decisions regarding placing a certificated employee on probation in executive session. The individual on probation will not be named in the minutes of the meeting, but a record of the board's decision will be placed in the employee's personnel file.

Prior to the commencement of the probationary period, the board will provide written notice to the employee, stating the reasons for the probation, including areas of deficiency, and the conditions of probation, including an improvement plan, provisions for adequate supervision, and evaluation of the employee's performance during the probationary period. After the probationary period, action will be taken by the board as to whether the employee is to be retained, immediately discharged, discharged upon termination of the current contract, or reemployed at the end of the contract term under a continued probationary status.

Remediation

Employees placed on probation will receive remediation designed to provide direction and support for improved employee performance. Additionally, employees who are placed on probation may request and be assigned a peer mentor.

The evaluator will work with the employee to identify and address the areas of concern, the remediation objectives, the criterion that will be used to measure the progress sought, support resources, provisions for adequate supervision and evaluation of performance during the probationary period, and timelines. Removal from the position will depend on the successful achievement of the articulated goals.

During the probationary period, the evaluator will conduct additional observations as needed to ensure the effectiveness of the remediation measures on the employee's performance.

Records

Permanent records of each certificated employee's evaluation and any properly submitted rebuttal/appeal documentation will be maintained in the employee's personnel file. All evaluation records, including rebuttal/appeal documentation, will be kept confidential within the parameters identified in State and federal law regarding the right to privacy.

Reporting

By December 1, 2017 the District shall submit an updated evaluation plan to the State Board of Education for approval. Any subsequent changes to the District's evaluation plan shall be resubmitted to the State Board of Education for approval. 416.1 -- SEXUAL HARASSMENT

The sexual harassment of any employee or recipient of the services of Midvale School District is absolutely forbidden. The Board of Trustees has designated the Superintendent as the official who is responsible for receiving and investigating complaints of sexual harassment. Any employee who is made aware of an alleged incident of sexual harassment will take action to bring the matter to the attention of the most appropriate administrative authority who will, in turn, take immediate action pursuant to this policy.

Definition

According to the Equal Employment Opportunity Commission, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when

- 1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- 2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- 3) such conduct has the purpose or effect of unreasonable interference with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Additionally, the Equal Employment Opportunity Commission states that a person who is qualified for but denied an employment benefit because of another's submission to sexual harassment may be protected by Title VII of the 1964 Civil Rights Act.

Distribution

Because prevention is the best tool for the elimination of sexual harassment, this policy will be distributed to all employees of Midvale School District.

Investigation and Resolution

Filing - Employees who believe they are being subjected to illegal sexual harassment are encouraged to file complaints through the District's grievance procedure. Due to the sensitivities associated with this subject, any person or step normally part of the grievance procedure may be bypassed if the complainant feels it is necessary to do so. If an employee so chooses, she/he may

bypass the procedure entirely and file a sex discrimination claim directly with the Idaho Human Rights Commission and/or the Equal Employment Opportunity Commission (EEOC).

Applicants for employment and service recipients may file sexual harassment charges in letter form with the designated official or may file with the Idaho Human Rights Commission and/or EEOC.

Confidentiality

Due to damage that could result to the career and reputation of any person falsely or in bad faith accused of sexual harassment, all investigations and hearings surrounding such matters will be designed to the maximum extent possible to protect the privacy of, and minimize suspicion toward, the accused as well as the complainant. Only those persons responsible for investigating and enforcing civil rights matters will have access to confidential communication.

Any employee aggrieved by the occurrence of sexual harassment will be expected to report the matter through the most confidential and direct means possible to preserve morals and discipline in the work unit.

Steps include:

- 1) Making a statement of known facts in writing to the designated official, and
- 2) Avoiding discussing the matter with co-workers and persons not directly responsible for investigating the matter.

Investigation Procedure

When an allegation of sexual harassment is made of any employee, the designated official will take immediate steps to:

- 1) Obtain a statement of grievance from the complainant regarding the times, dates, places, and circumstances surrounding the allegations,
- 2) Discuss the matter with the accused,
- 3) Obtain statements of witnesses or possible witnesses, if any,
- 4) Prepare a report of the investigation and submit it to the highest authority in the organization.

Action and Resolution

Based on the report, the administration shall take immediate and appropriate corrective action. In determining whether conduct constitutes sexual harassment, the administration will look at the record as a whole and at the totality of the circumstances, such as the nature of the alleged sexual advances and the context in which they occurred. The determination of the legality of a particular action will be made from the facts, on a case-by-case basis.

If there appears to be no foundation to the allegation:

- 1) No record shall be made of the allegation in either the accused or accuser's personnel records;
- 2) A reiteration of the policy against sexual harassment may be appropriate;
- 3) Bad faith allegations or use of this policy for unintended purposes may result in disciplinary action against the accuser.

If a foundation for the allegation exists, disciplinary action against the offending employee will follow. The disciplinary action will be commensurate with the scope and severity of the occurrence, and may include, but is not limited to, demotion, suspension, dismissal, warnings or reprimands. Additionally, every effort shall be made to provide appropriate relief for the victim.

The need for implementation of a Reduction in Force (RIF) and/or the elimination of certificated positions is left to the sole discretion of the District's Board of Trustees.

If the Board determines that a RIF in fact will be implemented, the Superintendent shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.
7. All releases shall be done in conformance with the applicable provisions of the Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or actions that need to be taken by the Board relating to applicable due process activities, if any.
