STUDENT RIGHTS AND RESPONSIBILITIES
2019-2020

ABSENCES: All absences must be verified by the parent/guardian with a note or telephone call. Parents/guardians are encouraged to contact the school the same day as the absence. This will eliminate the need for the office to call the student’s home to check on his/her status. Absences not verified by a telephone call to the school office or a note from the parent/guardian will be recorded as unexcused. Doctors’ notes should be provided for all absences for medical appointments. Teachers do not have the ability to mark student absences “excused” from their classrooms; therefore, parents are asked to also contact the school office regarding student absences.

ACTIVITY CARDS: Elementary students, grades 1-5, can purchase a student activity card for $10.00. This card will allow the student to attend free of charge all sporting events held at Midvale and Cambridge, except for certain jamborees, etc. Admission to home games is free to students in Kindergarten and younger. Pictures for activity cards are taken only on the first scheduled picture day.

ALCOHOL, TOBACCO, OR DRUGS: Student use, possession, distribution, sale, or being under the influence of alcohol, tobacco, illegal drugs, or controlled substances on school premises or at any school function (home or away) is strictly prohibited. Minimum penalty for violation of this policy will be suspension from school; however, violation of this policy could result in expulsion from school.

BULLYING: All persons (students and staff) during the entire school day, including travel to and from school, have the right to freedom from physical and/or mental abuse, such as name calling, intimidation, cyber bullying or harassment. Any action or attempt to deny individuals of these rights will not be tolerated and will be dealt with in accordance with Midvale School District Policy #521.2 – Student Discipline and Punishment.

BUS RULES/BUS TRIP BEHAVIOR: Good behavior on buses or school van is essential in order for student safety to be maintained. Students who do not observe the rules of proper bus conduct must expect to forfeit the privilege of riding the buses or school van provided by the School District. All rules which pertain to school time also pertain to bus riding time, field trips, or athletic contests trip time. See Policy #941.1 – Student Rules of Bus Conduct on Page 12 of this handbook. Buses & Afterschool Snacks: Elementary students are welcome, with parents’ permission, to buy afterschool snacks in the high school hallway. However, buses cannot be delayed, and students must plan accordingly.

CELL PHONES/PAGERS/IPODS: Cell phones, pagers, iPods and other electronic communication devices can be a significant disturbance in the classroom and school setting, and thus will not be allowed to be visible in the building during the school day. It is recommended that these items be left at home. A telephone is available in the high school lobby for student use. If it is necessary to carry his/her cell phone to school for contacting parent(s) before or
after school, the phone may be left in the office and retrieved when the student leaves school.

CLASSROOM VISITORS:  During school hours, anyone not attending Midvale Elementary School must have permission from the classroom teacher, and the principal or office personnel to be on campus or to attend classes. All visitors must check in at the office.

CLASSROOMS:  Each teacher will establish individual rules to encourage the educational process.

1. Students will not be allowed to wear sun glasses, without written authorization from a medical doctor.
2. Unless permission is granted by the teacher for a special occasion, students may not have food or drink in the classroom.

CLOSED CAMPUS:  Midvale School District observes a closed campus for all students from the time the student first arrives at school until the end of the school day or at a time when the student leaves with no plan to return that day. Students are allowed to walk to their own homes for lunch with their parents' permission.

CORPORAL PUNISHMENT:  Corporal punishment (spanking) will only be used when a rule violation or student behavior would warrant suspension from school. Parent(s) will be notified or permission obtained before administering corporal punishment (spanking). Parent(s) may choose to administer the punishment or delegate to the school official. Whenever corporal punishment is administered, a written report will be filed with the Superintendent.

DANGEROUS ITEMS:  Knives, matches, fireworks, and other items which may be reasonably considered dangerous, shall not be brought to school by students or faculty. Such items shall be confiscated and delivered to the Superintendent or his designee.

1. Students will only be issued a warning if they voluntarily realize they have brought a dangerous item to school and turn it over to the Superintendent, Principal or other administration staff.
2. If a student is turned in or caught with a dangerous item, but has no intent to harm others, he/she will be dealt with by the Superintendent or Principal using the Student Discipline System.
3. Any student who possesses or intends to use a dangerous item to cause physical harm to others will be expelled from the Midvale School System.

DISCIPLINE:  Students in the Midvale School system are expected to abide by accepted standards of good conduct and discipline, based on their grade level and age. This responsibility applies while on school grounds and while participating in any school function or activity.

DRESS CODE:  The responsibility for appropriate dress and grooming rests primarily with the student and his/her parents. The school, however, reserves the
right to encourage appropriateness in such a way as to contribute to school pride and morale, and to insure that a student's appearance does not distract from the educational process or the general health and safety of the school.

Reasonable regulations governing appropriateness of dress and grooming in the classroom will be maintained. Examples of reasonable regulations are as follows:

1. Footwear is required at all times.
2. No head wear including, but not limited to, hats, visors and bandanas are to be worn in the classroom or in school buildings.
3. No pajama pants or sweat pants are to be worn in the school building during school hours.
4. Insignia are unacceptable in any form if they contain words, symbols, messages, styles, gang symbols/logos, or emblems which could be considered degrading or discriminatory on the basis of race, color, religion, national origin, sex, familial status, age or national origin. Obscene symbols, signs, slogans or clothing/jewelry promoting or containing alcohol, tobacco or drugs are also unacceptable.
5. Clothing shall be worn that covers the torso from a prudent neck line to a point on the thigh no shorter than arms length. Any clothing which causes a "distraction" from the educational process or poses a general health or safety hazard because the clothing is too tight, too loose, too thin, too short, too worn, or any combination thereof, may be deemed "inappropriate". Examples:
   a. Shirts or blouses that do not cover the abdomen.
   b. See-through shirts without an undershirt.
   c. Shoulderless shirts or dresses without an undershirt.
   d. Blouse or shirt shoulders or straps less than 2" wide.
   e. Mini-skirts or shorts that are shorter than arms length.
   f. Bib overalls with no shirt.
   g. Second skins (tights/leggings) are not to be worn without an overgarment during school.
   h. Pants worn so low on the hips that undergarments are exposed during normal activities, i.e. raising arms, bending over, etc.

Reasonable guidelines for dress and grooming will also be maintained at voluntary extracurricular activities as established by staff members in charge of the activity.

EMERGENCY TREATMENT: When a student is injured, staff shall provide immediate care and attention until relieved by a superior, nurse or doctor, and the parent/guardian/emergency contact will be contacted so the parent can arrange for care or treatment of the injured student. When warranted, the Emergency Medical Technicians (EMTs) will be contacted. In the event the parent/guardian cannot be reached and in the judgment of the principal or person in charge that immediate medical attention is required, the injured student may be taken directly to the hospital and treated by the physician on call. When the parent/guardian is located, he/she may elect to continue the treatment or make other arrangements.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA): See Notification of Rights under FERPA on page 28 of this handbook.
FAMILY LINK/PARENT PORTAL: Family Link is a real-time Web-portal that is linked to the school’s Student Information System. Using Family Link, parents and guardians can access important student data, such as student’s attendance, academic progress, report card, assessments, and mark history. Visit the district website at www.mivaleschools.org and navigate to the Parent Portal under the “For Parents” tab. If you received log-in credentials last year, they would still be active for the new school year. Please contact the school if you need assistance logging into the portal. This is a secure portal, and only parents/guardians can access their student’s specific information.

GUN-FREE SCHOOLS: Midvale School District will require that any individual who brings a weapon to school be expelled from school for a period of not less than one year, except that the Midvale Board of Trustees may modify the expulsion requirement on a case-by-case basis. The individual who brings a weapon to school will also be referred to the local police.

GYMNASIUM: The gymnasium will be closed during the school day except for classes and school activities. No street shoes on the gym floor at any time.

HARASSMENT: The following rights apply to all persons (students and staff) during the entire school day, including travel to and from school. Any action or attempt to deny individuals of these rights constitutes harassment and may result in out-of-school and/or in-school suspension in accordance with Midvale School District Policy 521.2 – Student Discipline and Punishment.

- The right to develop one’s own personality (as long as it does not interfere with the rights of others) without disrespectful criticism, or pressure from cliques.
- Freedom from physical abuse and from mental abuse such as name calling, intimidation, cyber bullying or harassment.
- Freedom from being set apart, or mocked because of race, sex, religion, physical strength, size, features, friendship-groups, age, culture, handicap, financial status, clothing, classroom performance, etc.
- The right to privacy and freedom from being harassed in the classroom; the right to be treated respectfully.
- The right to an education which means that teachers should be free to teach and students free to learn without being interrupted by inconsiderate or unruly students.
- The right to personal and school property respected.

HEADPHONES/CD PLAYERS: Headphones, CD players, and other electronic musical devices etc. will not be allowed in classrooms.

HEAD LICE MANAGEMENT: Upon observation of head lice, the student’s parents will be notified to pick their child up from school and will be advised of the need for treatment before the student returns to school. As part of the treatment process, parents need to make every effort to remove nits (eggs) in order to prevent reoccurrence. A follow-up head lice check will be performed on the
student when he/she returns to school following treatment. The student will not be allowed to return to the classroom if live lice are still present. If the parent/guardian is unwilling to cooperate with the treatment of head lice or if head lice are found three times in one year on an individual student, the principal shall have the option of initiating a "no nit" policy. This policy requires that all live lice and all nits be removed before the student can be readmitted to school.

**HEAD WEAR:** No head wear, such as hats, visors or bandanas, shall be worn in the school building.

**INTERNET/NETWORK:** **Acceptable Use of Electronic Networks:** See *Acceptable Use of Electronic Networks Procedure* on page 14 of this handbook. Student Internet access is designed for educational purposes. The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges.

**LIBRARY:** All library books must be checked out at the desk before they leave the library.

**MEDICATION ADMINISTRATION AT SCHOOL:** Parental consent is required for administration of any medications at school. All medications must be delivered by the parent or other responsible adult to the school office. School personnel will administer only those medications that come to school in a properly labeled pharmacy container with dates, name of student, medication name, dosage and physician's name, or over-the-counter container, and only according to the dosage on the label. Any changes in dosage must be confirmed by physician. Medications will not be administered at school that can be given at another time of day, e.g., three-time-a-day antibiotics can be given before school, after school, and at bedtime. All medications must be stored in office. Students should notify the office if they have been prescribed an inhaler which they carry. Aspirin, Tylenol, Ibuprofen, etc. will no longer be kept in the office for student use.

**PROFANITY:** Profanity is not acceptable in a school setting - for students, teachers, coaches, or any other school personnel.

**PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA):** See *Notification of Rights Under the Protection of Pupil Rights Amendment* on page 30 of this handbook.

**SCHOOL-PARENT COMPACT:** Please see *School-Parent Compact* on page 32 of this handbook.

**SIGN IN AND OUT/EARLY DISMISSAL/PICK-UP PROCEDURE:** Any time a student arrives at school after the regular starting time or must leave before the regular ending time, he/she is required to sign IN and OUT at the school office. As a precautionary measure, parents are not to pick up their child from the classroom. They may send a note in the morning with their child or call ahead, and the child will be waiting in the office at the designated time.
STUDENT INJURIES: Even with the greatest precautions and the closest supervision, accidents can and do happen. The school district does not provide medical insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. Student medical insurance is available to families for their individual purchases through private sources. Brochures outlining coverage and premiums are available at the school office.

SUSPENSION/EXPULSION:
Suspension: A student may be suspended when, in the opinion of the superintendent and/or principal, his or her conduct is disruptive of the educational effectiveness of the school or of good order. A student may also be suspended for disciplinary reasons including, but not limited to the following:
1. Disrespect shown toward staff members or other students.
2. A serious or continual infraction of school rules.
3. Disobedience or refusal to obey any staff member.

Expulsion: The Board of Trustees may deny attendance by expulsion to any pupil who is an habitual truant, or who is incorrigible, or whose conduct, in the judgment of the Board, is such as to be continuously disruptive of school discipline, or of the instructional effectiveness of the school, or whose presence in a public school is detrimental to the health and safety of other pupils.

THEFT OR DESTRUCTION OF PROPERTY: Any student who steals school district property, enters a locked building or enclosure, or who destroys, defaces or otherwise damages school district property shall be immediately referred to the superintendent. The superintendent shall investigate and if circumstances warrant refer the case to the appropriate legal authority. The superintendent shall have full authority to use appropriate means to seek recovery of all costs related to the damage. Theft or destruction of the personal property of others while on school premises or under the jurisdiction of the school shall be handled as a major offense.

TRANSPORTATION CHANGES/MESSAGES: All telephone calls requesting a change in normal after-school activity should be received in the school office by 3:00 p.m., if possible.

UNEXCUSED ABSENCES: Absences not verified by a telephone call or a note from the parent/guardian will be recorded as unexcused.

USE OF OFFICE PHONE: The office phone is for school business purposes, and students may use it only in cases of emergency. Students who become ill during school hours may use the phone in the office to inform their parents and may remain in the office until their parents arrive to pick them up. A phone is available in the high school lobby for all other non-emergency calls.

Policy 941.1 - Student Rules of Bus Conduct

GENERAL: Good behavior on buses is essential in order for student safety to be maintained.

Students who refuse to maintain discipline will receive a warning. If this in ineffective, the pupil may be deprived of bus transportation for a specific period of time or for the remainder of the school year, at the discretion and direction of the school administration. No student will be permitted to leave his seat while the bus is in motion.

RULES OF PROPER BUS CONDUCT:

The Midvale School District operates a pupil transportation system for those students who live at least one and one-half (1½) miles from school. Students who live more than one and one-half (1½) miles from an approved bus stop may be required to furnish their own transportation to the bus stop. They may petition the Board for reimbursement.

The daily bus trip to and from school can be a good social experience, provided the bus is safely regulated.

Safety is the important factor in the school transportation program. The conduct of the students on the buses determines to a large extent the effectiveness of safety. When the student conducts himself well, safety hazards are greatly reduced. Unsatisfactory conduct by the pupil increases danger possibilities.

Students who do not respect the rights and safety of others by failing to observe the Rules of Proper Bus Conduct must expect to forfeit the privilege of riding the buses provided by the School District.

The following rules shall be followed on all buses:

- 1. Safety — Each student shall be responsible for the safety of self and others.
- 2. Bus Safety — The student shall enter the bus with the least possible confusion, be seated and remain seated until the bus stops for pupils to unload.
- 3. Physical Behavior — The student shall keep all parts of body inside the bus except when unloading.
4. Crossing Road — If necessary to cross road, cross fifteen (15) feet in front of bus and wait at right edge of roadway for signal from driver before proceeding into traffic lane.
5. Clearance — The student shall stay away from bus except when loading or unloading.
6. Schedule — The student is responsible to be on time for the bus.
7. Traffic and Safety Requirements — The student shall observe traffic and safety requirements when walking to and from the bus stop.
8. Response to Driver’s Request — The student shall respond to the driver’s requests promptly.
9. Orderly Behavior — The student shall wait in an orderly line and avoid "horseplay".
10. Seating — Each student shall go directly to an available, or assigned, seat when entering the bus.
11. Profanity — The student shall not use profane language on the bus.
12. Controlled Substances — The student shall not use tobacco, alcohol or drugs and controlled substances.
13. Throwing Objects — The student shall not throw or pass objects on, from, or into buses.
14. Carry-on Objects — Except when prior approval is granted, pupils are to carry on only objects that can be held on their laps.
15. Hazardous Materials — The student shall not carry hazardous materials, objects, or animals on the bus.
16. Boarding/Exiting — The student shall not leave or board the bus at locations other than the assigned home stop or assigned school unless such arrangements have been approved by the transportation supervisor or the building principal.
17. Bumper Rides — The student shall not hitch rides via rear bumper.

**PENALTY FOR BREAKING RULES:** The following penalties will apply when a rule is broken:

- First Offense: A notice will be given to the student that the parent/guardian MUST sign before the student will be permitted to ride the bus on the next school day.
- Second Offense: This entails Disciplinary Action and possible suspension of bus privileges from 1 to 3 days. Parents must contact the bus driver, Bus Supervisor or School Principal to determine a solution to the problem. If the parent does not contact one of the above, the student will NOT be permitted to ride the bus.
Third Offense: This results in Suspension of riding privileges. The duration of the suspension will be determined at a meeting with the parents, school administration, Bus Supervisor and bus driver.

Other: This requires immediate administrative action and parental meeting. All bus privileges will be revoked pending the outcome of the parental meeting.

The student will be required to pay for any damage done to a bus.

These procedures do not attempt to state all required or proscribed behaviors by users. 10. Copyright Web Publishing Rules: Copyright law and District policy prohibit the republishing of text or graphics found on the internet or on District websites or file servers, without explicit written permission.

   A. For each republication on a website or file server of a graphic or text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the website address of the original source.

   B. Students engaged in producing website pages must provide library media specialists with e-mail or hard copy permissions before the website pages are published. Printed evidence of the status of "public domain" documents must be provided.
C. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

D. The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.

E. Student work may only be published if there is written permission from both the parent/guardian and the student.

F. Violation of the copyright web publishing rules may result in denial of access to the network.

11. Use of Electronic Mail.

A. The District’s electronic mail system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides e-mail to aid students in fulfilling their duties and responsibilities and as an education tool.

B. Email could be subject to public records requests and disclosures depending upon the subject matter of the contents of the email.

C. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an electronic mail account is strictly prohibited.

D. Each person should use the same degree of care in drafting an electronic mail message that would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.

E. Electronic messages transmitted via the District’s internet gateway carry with them an identification of the user’s internet “domain.” This domain name is a registered domain name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of this District. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

F. Any message received from an unknown sender via the internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any internet-based message is prohibited, unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
G. Use of the District’s electronic mail system constitutes consent to these regulations.

Internet Safety

1. Internet access is limited to only those “acceptable uses,” as detailed in these procedures.

2. Staff members shall supervise students while students are using District internet access at school, to ensure that the students abide by the Terms and Conditions for Internet access, as contained in these procedures.

3. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are obscene, pornographic, or harmful or inappropriate for students as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee. Students must use the District’s filtered network for all online activities on school grounds or using District equipment.

4. The system administrator, Internet Safety Coordinator, and/or building principals shall monitor student Internet access.

Student Use of Social Media

Students will be held accountable for the content of the communications that they post on social media locations and are responsible for complying with District policy and procedures for content posted using a District computer, network, or software or when posted during school hours when the student is in attendance at school. Student posts on social media locations outside of school hours and school grounds using a personal computer, network, and software shall be private as long as they do not enter into the educational setting and interfere with the orderly operation of the school. Posts to social network sites using a District computer, network, or software may be subject to public records requests. Students may not disrupt the learning atmosphere, educational programs, school activities, or the rights of others.

All of the requirements and prohibitions in District policy and procedure apply to the use of social media on school grounds, through the District network or using District equipment, or as part of a class assignment.

POLICY 516.1 – EDUCATION OF HOMELESS CHILDREN

It is the policy of the District to ensure that:

1. Each child of a homeless individual and each homeless child has equal access to the same free, appropriate public education, including a public preschool education, as provided to other students;

2. Homelessness does not in any way separate homeless students from the mainstream school environment; and

3. Homeless children and youths have access to the education and other services that such children and youths need to ensure that such children and youths have an opportunity to meet the same challenging state academic standards to which all students are held.

The Board of Trustees directs all District schools to admit children who are homeless regardless of residence and irrespective of whether the homeless child is able to produce records normally required for enrollment. The Board shall not enter into an out-of-District attendance and tuition agreement with another district for a homeless child.

All schools and employees of the District shall work to ensure that children and youth who are homeless are free from discrimination, segregation, and harassment. The District will also strive to prevent stigma against students who are homeless.

Definitions

For the purposes of this Policy, the following definitions shall apply.

The terms “enroll” and “enrollment” includes attending classes and participating fully in all school activities.

The terms “homeless,” “homeless individual,” and “homeless person” include:

1. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;

2. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

3. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
4. Migratory children who qualify as homeless for the purposes of this part because the children are living in circumstances described in clauses 1 through 3 above; and

5. An unaccompanied student and homeless families with children and youth are also defined as homeless if they:
   a. Have experienced a long term period without living independently in permanent housing;
   b. Have experienced persistent instability as measured by frequent moves over such period, and
   c. Can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of domestic violence or childhood abuse, the presence of a child or youth with a disability, or multiple barriers to employment.

"Children and youth in transition" is defined as children and youth who are otherwise legally entitled to or eligible for a free public education, including preschool, and who lack a fixed, regular, and adequate nighttime residence.

"Unaccompanied youth" is defined as a youth not in the physical custody of a parent/guardian who is in transition as defined above.

The term "school of origin" is defined as the school the student attended when permanently housed, or the school in which the student was last enrolled, including a preschool. When a student completes the final grade level served by the students "school of origin," the "school of origin" shall progress to the designated receiving school at the next grade level for all of its feeder schools the same as for all students attending one school and progressing to another school in the District.

In General

The District shall ensure the following is provided according to the homeless student's best interest:

1. That the homeless student's education continues in the school of origin for the duration of homelessness:
   A. In any case in which a family becomes homeless between academic years or during an academic year; and
   B. For the remainder of the academic year, if the student becomes permanently housed during an academic year; or

2. That the homeless student is eligible to enroll in the same schools as non-homeless students who live in the same attendance area where the homeless student is actually living.

The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

When addressing school placement, the student may attend a school different than the school of attendance from before the student became homeless or the school last attended by the student, if such is the choice of the student’s parent and such is feasible.

When addressing school placement, the District’s Liaison shall work with the family to address the student’s transportation needs.

School Stability

In determining the best interest of the homeless student each school within the District shall:

1. Presume that keeping the student in the school of origin is in the student's best interest, except when doing so is contrary to the request of the student's parent/guardian, or (in the case of an unaccompanied youth) the student;
2. Consider student-centered factors related to the student's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless students, giving priority to the request of the student's parent/guardian or (in the case of an unaccompanied youth) the student;
3. If, after conducting the best interest determination based on consideration of the above presumptions, the Superintendent determines that it is not in student's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied student) the student, provide the student's parent/guardian or the unaccompanied student with a written explanation of the reasons for his or her determination, which will be provided in a manner and form understandable to such parent/guardian, or unaccompanied student, including information regarding the right to appeal under “Enrollment Disputes”, below; and
4. In the case of an unaccompanied student, ensure that the District's liaison designated under “District Liaison,” below, assists in placement or enrollment decisions under this subparagraph, gives priority to the views of such unaccompanied student, and provides notice to such student of the right to appeal under “Enrollment Disputes,” below.

3. The parent/guardian or unaccompanied student shall be referred to the local educational agency liaison designated under “District Liaison” below, and upon being informed of the dispute, the liaison shall, within 10 days, initiate an appeal with the District and, if unsuccessful, to the state coordinator of the dispute regarding the educational placement of the homeless student; and

2. The District tracks academic and enrollment data on homeless students;
3. All homeless students are enrolled in, and have a full and equal opportunity to succeed the same as non-homeless students of the District;

The Liaison shall also provide the required “verification” of the student’s status in connection with his or her application for Federal Student Aid.
8. These shall include public and private agencies, the transportation department, the State Coordinator for the Education of Homeless Children and Youth, and others. POLICY 683.1 – PARENT AND FAMILY ENGAGEMENT

In keeping with its vision and mission, the Midvale School District strives to be an integral part of the community, and to keep the parents and community members as integral parts of the school. The district will put into operation programs, activities and procedures for the involvement of parents in all school with Title I, Part A programs, consistent with section 1116 of the Every Student Succeeds Act (ESSA). Those programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children. Hence the District establishes as policy the following statement following the National Guidelines for Parent/Community involvement. It is available to all on the District website.

Parent and Family Engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:
1. that parents play an integral role in assisting their child’s learning;
2. that parents are encouraged to be actively involved in their child’s education at school;
3. that parents are full partners in their child’s education and are included, in decision-making and on advisory committees as appropriate to assist in the education of their child;
4. that parents are involved in identifying barriers to greater participation by parents in parent involvement activities.

**Purpose:** The purpose of parent and family engagement is to increase each parent’s capacity to help their child(ren) be successful in school.

To facilitate meaningful parent and family engagement Midvale School District will:

1. **Develop a Parent Advisory Committee:** The District will establish a parent advisory committee to assist in the review of their parent compact, parent involvement plan, and the annual review and evaluation of the school-wide Title I program as well as the review and plan for school improvement. Any parent of a student in this district is eligible to serve on this committee. The district will identify a group of 6 to 12 parents to serve throughout the school year. Every effort will be made through email to make all parents aware of the efforts of this committee and to solicit input from all parents. The Parent Advisory Committee, or any parent, may request opportunities for regular meetings to formulate suggestions and to participate in decisions relating to the education of their children. The school/district will respond to any such suggestions as soon as practicably possible.

2. **Annually review our Parent and Family Engagement Plan:** Midvale School District will, with consultation and input from their parents, annually review and when necessary revise this parent involvement plan.

3. **Annually review the District Parent/School Compact:** Midvale School District will, with consultation and input from their parents, annually review their Parent/School compact. The compact will list the responsibilities of the student, parent/caregiver, classroom teacher, and school administrator. All parents will be provided copies of the parent/school compacts at the start of each school year, and will be provided an opportunity to review the compact.

4. **Annually establish how Title I Parent and Family Engagement Funds will be used:** Because of our size Midvale School District does not receive Title I Parent and Family Engagement Funds. However, some funding may be available to provide parents with materials, and to pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable participation in school related meetings and training.
5. **Annually review the use of Title I funds and evaluation of the use of these funds**: Midvale School District will, with consultation and input from their parents, annually review how Title I funds will be used throughout the school year. Currently because of the tightness of all budgets, Title I funds are earmarked to support personnel directly assisting students who need help. Parents will be provided with data that supports the use of these funds and be asked for their input. Before the end of each school year parents will be provided with evaluation information/data regarding the effectiveness of the Title I school program, staff development conducted throughout the year, and all parent involvement activities held during the year.

6. **Facilitate regular, meaningful two-way communication**: Midvale School District will hold an annual meeting for parent to explain Title I and what it means to them as a parent and to their student and to explain the right of parents to be involved in the school and in their child(ren)'s education. This will be done at Back to School Night, early in the fall. The district will also offer this information whenever requested by parents individually. The district will provide parents a description and explanation of the curriculum, student progress measures, and the proficiency levels students are expected to meet and how to monitor a child’s progress and work with educators to improve the student achievement. Curriculum, content standards, measures and proficiency levels are always available on the Parent Portal. The district will ensure that information related to school and parent programs, meetings, and other activities is sent to parents in a timely manner and in a format and, to the extent practicable, in a language the parents can understand, and provide reasonable alternate formats as requested.

7. **Build the capacity of parents to support their child(ren)'s learning**: The district will provide materials and training to help parents to work with their children to improve their children’s achievement. This will include family math and family reading activities.

8. **Coordinate and integrate the district’s parent and family engagement programs with early childhood programs in the community and in the district**: To the extent feasible and appropriate, the Title I consulting teacher and Special Education teacher will work with the preschool program, Head Start, and Parents as Teachers to conduct activities that encourage and support parents in more fully participating in the education of their children.

Midvale School District has maintained a close parent, community school interaction and respect throughout the decades since the first one room school houses became the center of community activities in the late 1800’s. It is a tradition valued by the District, and the District is fully committed to maintaining and strengthening it. This policy is subject to an annual review by administration, teachers, and parents. The findings of the annual review will be used to improve the parental involvement the parental involvement program and, if necessary, to revise policies and procedures relating to parental involvement.
Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access. The parent or eligible student should submit to the school principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures or personally identifiable information (PII) contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The office that administers FERPA is:
